CALIFORNIA .-The following is announced as the official route

of the Department Commander and staff to the 26th National Encampment at Washington : Cen-tral Pacificto Ogden ; Rio Grande Western & Colorado Midland to Denver; C. B. & Q. to Chicago; Baltimore & Ohio to Washington, leaving San Francisco at 6 p. m. Sunday, Sept. 11, arriving at Washington Saturday, Sept. 17. The official route returning will be via Cincinnati, New Orleans, and Southern Pacific to San Francisco. Headquarters at Washington will be at the Everett House, corner Pennsylvania avenue and K street northwest, where all from this Department will be made welcome. Accommodations can be provided for at least 25 people at \$2.50 per day without board, and \$3.50 per day, board included. Comrades expecting to participate in the parade will piense advise Headquarters at once, that arrangements may be made for their horses, it being the intention to parade the Califorma delegation mounted. Cost of mounts \$5 each.

The Department Commander carnestly requests that all contrades from this Department who are present in Washington for the National Encampment will join in the parade if possible; if any have no Post organization there, join such Post as they may prefer, but show full ranks and a solid column of every man from Connecticut, as this is the sixth Department in order of review; the parade is short, and can be made without fatigue. Department Headquarters will be established at the Hotel Randell, corner Pennsylvania avenue and Fifteenth street, Monday, Sept. 19, 1892, and an officer will be on duty there to receive visiting comrades and their friends. Headquarters in this Department will be closed from Sept. 13-27 inciusive. The official route for this Deapriment to the National Encampanent is via New York, New Haven & Hartford Railroad to Jersey City, and the Baltimore & Ohio Railroad to Washington. Headquarters train will leave Hartford at 7:10 a. m. Sept. 19, 1892, stopping at Berlin, Meriden, New Haven, Bridgeport, South Norwalk, Stamford, and Harlem River. This train will be under the supervision of Past Department Commander H. E. Taintor, who will give comrades any additional information required. A Department badge for use of comrades on this occasion has been procured, and will be on sale on the Department train and at Department Hendquarters in Washington by Senior Aid-de-Camp Samuel Miller. On leaving Washington for home, each return ticket may be exchanged at the office of the Baltimore & Ohio Railroad Co., Pennsylvania avenue, for a ticket via Harper's Ferry, Antietam, Hagerstown, Pen-Mar, and Gettysburg to Baltimore, and thence to New York, on payment of \$1.50, and parties may stop at any or all of the above-named points up to Oct. 10.

Considerable sensation and bad feeling was created at Paterson last week by the refusal of Rev. George M. Dorwart, Rector of the Church of the Holy Communion, to allow the coffin of Samuel Urmson to be draped with the American flag at the funeral services, which were conducted by Farragut Post. The members of the Post are highly indignant and denounce the minister as a rebel

Mr. Dorwart publishes an open letter in reply to these attacks, in which he says he is a good American and that he meant no disrespect to the flag or to the Grand Army. He simply followed out the rules of the Episcopal Church, which provide that no decorations shall appear on a coffin when it is placed before the altar. If a pall had been spread over the flag and the caps of the pallbearers it would have been all right. But he could no more allow the services to proceed while the coffin was so decorated than he could permit the "firing squad" to stand in church with their caps on. Secular organizations attending church funcrais, when inside the church, are recognized merely as laymen, and as such are subject to the Church's rules and regulations, and, in the absence of any explicit rule or canon, are subject to the ruling of the priest of the parish.

The official Hendquarters train will leave Sandusky at 5 p. m., Saturday, Sept. 17, arriving at Washington at 12 m., Sept. 18. For the great parade this Department will form on South Capitol street, Delaware avenue, and the cross streets, the right resting on South Capitol street, facing to B street. The comrades must be in line ready to enter the column at 10 a. m., Tuesday, Sept. 20, and every Post and comrade should be on hand promptly at 9 a. m. Post A. H. Coleman, 159, Troy, voted to attend

VERMONT,-

The present Department Commander, Hugh Henry, was born at Clinton, Vt., March 21, 1838; received an academic education, studied law, and was admitted to the bar in May, 1862. In the September following he enlisted in Co. K, 16th Vt., and was made Quartermaster-Sergeant before the regiment left the State, and subsequently, during his term of service, was promoted to Lieutenant, Co. I. He was discharged with his regiment Aug. 10, 1853. In 1865 he began the practice of law at Clinton, where he has since resided. In the Vermont House of Representatives he was the member from his town from 1870 to 1876, inclusive, and again in 1884. In 1880 and 1881 he was a member of the Vermont Senate. Since 1884 he has continuously held the position of Judge of Probate. He became a member of the Grand Army in 1870, and soon after organized the Brooks Post, of which he was commander until it was burned out in 1872,

when it surrendered its charter. Subsequently another Post, Henry Post, 27, was organized, of which he was Commander two terms, declining a re-election, This Post has been one of the most successful in the Department. Mr. Henry was one of the original Board of Trustees of the Vermont Soldiers' Home, and has devoted a great deal of time and energy to its upbuilding, comfort and success. Within the past two years, by personal appeals, he has raised the funds and built at the Home a beautiful chapel, costing, with furnishing, over \$3,000, and to-day Vermont has, largely through his efforts, the only Soldiers' Home chapel built by the people as a thank-offering, without any appropriation from the State. At the State Encampment in February, 1892, which was on unusually large one, no other name was presented for Commander, and the Encampment directed its Adjutant-General to call one ballot of the Department for him.

FROM THE BAY STATE. Doings of Interest to Veterans and Their

Friends. EDITOR NATIONAL TRIBUNE: The great upheaval is at hand, "On to Washington!" is now the warery, and many veterans who have been lukewarm on the subject are at last getting warmed up and interested to go. Massachusetts will make a splendid showing, unless St. Louis weather prevails, which Gen. Greely forbid! Department Commander Churchill's order that no veteran parade who is not clothed in the uniform of his Post is timely. The vets may not march as steadily as they did 25 years or less ago, but they can look military, and have some style about them. Over 7,000 Department badges have been taken. MAGIC IN A NAME.

Mrs. Logan for National President. The mention in THE NATIONAL TRIBUNE that Mrs. Gen. John A. Logan would allow her friends to bring forward her name, under certain contingencies, for the office of National President Woman's Relief Corps, has brought most enthusiastic seconds from Departments East and West. Mrs. Logan rises above sectionalism; all the Depart-

ments are claiming her for their very own. An honored Past National President expresses the consensus of the best thought of the Order when she says: "Mrs. Logan is the only woman I know of that I should favor for National President The 4th Mass. H. A. held its first gathering as a | who has not served in some capacity in the lower | offices, but I have faith to believe that what she says she will do, she will."

Another Past National President, still earlier in the work, says: "There is no question that Mrs. annual Reunion at Downer Landing, Sept. 1. These Logan is the representative American woman, and officers were elected: Pres., Henry J. Brown; V .my heart gave a great bound when it was suggested as a possibility that we might have her for National President. With a good staff of officers she would give us a brilliant administration." Still another Past National President voices her

enthusiasm and says: "The time has certainly come when we should place Mrs. Logan at the head of our grand Order. She is pre-eminently the woman for the place, and will honor us more than we shall honor her."

From Department officers, past and present, come the following high tributes, coupled with the wish that Mrs. Logan may be made the unanimous choice of the Convention: "Mrs. Logan will grace the National Presi-

"Mrs. Logan for National President? Most emphatically, yes. I can safely say our delegation will support her."

"Mrs. Logan's candidacy was a rumor; now a | and take this office (National President) she would glorious certainty. Count me in. Mrs. Logan would be a grand center where all our hearts could meet and pulse with the sympathy of the G. A.R. as | Committee, Harriet P. Dance, the Army Nurse | ton, N. Y. well as the W.R.C."

"When we find it certain that Mrs. Logan will stand for National President, we should say we have but one candidate. We honor ourselves when we place her at our head, and if she will consent half the honor to us would be lost should another name be mentioned. She may not be up in routine work, but is there not a great mind to grasp it? If Mrs. Logan consents to be a candidate, all hail the day!"

"I think if Mrs. John A. Logan has consented to become our National President it will be a grand Brown. Department President is received and thing for the Woman's Relief Corps. She will not speaks well for the work in the Wolverine State. only give it greater prestige, but greatly promote the growth and good of the Order."

"If Mrs. Gen. Logan will consent to head the W.R.C., I cannot see how there can be any opposihas given mind and heart since 1861, and it seems to me as though it would be merely setting the words to glorious music in lifting her to the chair of President of the National organization, and the glorious anthem of praise that would well up from the hearts of every true soldier when the news would reach him, would be the strongest indorsement ever given by the G.A.R. to the W.R.C. No one who has ever seen Mrs. Logan, or has ever read aught that she has written, can doubt her ability to cope with the minor details of the office of MICHIGAN. National President.

"Mrs. Gen. Logan, like her typical volunteer soldier husband, is, with her pen and works alike, an inspiration to the Grand Army and our loyal Order. Her election as National President would be a great honor,-Cora Day Young." MRS. LOGAN'S INITIATION.

Mary A. Logan was initiated into Abraham Lincoln Corps, Chicago, on the evening of Nov. 30, 1884, the anniversary of the battle of Franklin. After initiation the Post was admitted in a body, receiving and returning the usual greetings. The comrades then took their places at the right of the hall as guests of the Corps, when the President read a letter from the then National President, Kate B. Sherwood, which was received with great ap-So says an account printed in THE NATIONAL TRIBUNE Dec. 18, 1884. The following is an extrect

from the letter: THE NATIONAL PRESIDENT'S LETTER. It would, indeed, give me great pleasure to be present with you on Thursday evening and assist in the initiation of Mrs. Logan and participate in the reception accorded her. Only the most press-ing duties forbid my presence, but I send my warmest greetings to Abraham Lincoln Corps, so honored in admitting to membership a woman known throughout this broad land of ours for her distinguished ability, loyalty, true womanly worth, and rare domestic and social virtues—the wife of a brave and distinguished Union soldier, John A. Logan, Past Commander-in-Chief of the Grand Army of the Republic, and one who in his official capacity has always been true to the claims of his less-favored comrades. And by reason of her residence during a greater part of the year at the National Capital we have reason to expect she will do much for the advancement of our beloved Order, and have not a fear that her obligations will not be discharged to the full extent of her ability. Please extend to our beloved new member the warmest

greetings of the National President on behalf of every member of our Order, and believe me yours in F., C. and L.-Kate B. Sherwood. On this occasion Comrade Purcell played upon the silver drum presented him by the 36th Ill., and Comrade Fox upon the silver fife which he after spending a pleasant day the survivors re- took with him from Chicago when he enlisted in the 36th Ill., and which he carried through four years of war. OLITICAL quite as much as military cousiderations operated in sending to Fortress Monroe, first Butler, then Wool, and then Dix. All were prominent Democrats. The military idea was best subserved with Wool, and it is probable that the political one also was not a little in it.

Butier went there when the negro question was a lively one, and he made it a bone of contention from which the Government fought shy. Mr. Lincoln soon got enough of Butler and sent him to New Orleans, where the General could not readily reach Lincoln and Lincoln could enjoy the exemption from Butler's peculiar ways and ideas-more political than military, as a rule.

It was clear sailing with Wool, who, though a Democrat of some possibilities in former days, was then not much if not military. Wool's subsequent transfer to Baltimore as commander of the Middle Department sent Dix to Fortress Monroe to succeed Wool. The area of operations had become enlarged to take in a good slice of Virginia, and, possibly, political questions might come up for which Dix, an old Democrat, and a Union man as true as steel, would be found better adapted than Wool, while the latter was quite the man for holding a close rein over Baltimore, in a military as well as a civil sense. In this Mr. Lincoln had a hand as the head of the army and, at the same time, the consummate politician and statesman.

Dix, like Wool, was at the retiring age when the war of rebellion broke out. Like Wool also, he had seen service in the war of 1812, he having served as Ensign and Adjutant in that war. He was a lawyer in Cooperstown, N. Y., in 1828, and in the years that followed held a number of State offices at the hands of the Democratic party. In 1845 he was sent to the United States Senate to fill the vacancy created by the election of Silas Wright Governor. As a leading Free-Soiler and antislavery Democrat, he was a man of commanding influence. When the rebellion came on he was conspicuous among the class of Democrats who soon came to the support of Mr. Lincoln in prosecuting the war. When Howell Cobb, to follow secession, in the last days of Buchanan's Administration went South, Dix was appointed to succeed him as Secretary of the Treasury. Two revenue cutters were then in New Orleans, which city was virtually in the hands of the Secessionists, and Dix ordered the cutters to proceed to New York without Absalom Baird, 1021 Vermont avenue, Washing- delay. The Captain of one refused to obey. It was then that Dix telegraphed the following to the Collector of the Port:

TREASURY DEPARTMENT, Jan. 29, 1861. Tell Lieut Caldwell to arrest Capt. Bushwood, assume command of the cutter, and obey the orders I gave through you. If Capt. Bushwood, after arrest, undertakes to interfere with the command of the cutter, tell Lieut, Caldwell to consider | Hal Hazard, Ed Ward, Maud Lynn and Stocles, him as mutinous, and treat him accordingly. IF ANY ONE ATTEMPTS TO HAUL DOWN THE AMERICAN FLAG, SHOOT HIM ON THE SPOT. JOHN A. DIX.

Secretary of the Treasury. The original of this document, which at the time had an electrifying effect on the North, is to be found framed and well-preserved in Hancock's, the well-known drinking-saloon on the south side of Pennsylvania avenue east of Thirteenth street. The letter had the desired effect. A little more of the spirit which dictated it might have put the rebellion down in its infancy. But there were few such men as Dix in high places then. Buchanan had too late begun to think what his duty was, but he was one of the many prominent Democrats of the country who signified their intention to give him their support in putting the rebellion down. He was Major-General of New York militia. In 1862 he was made a Major-General of United States Volunteers and ordered to succeed Wool at Fortress Monroe. having the command of the Seventh Corps. Subsequently, during the New York riots he

was military commander there. Gen. Dix's services to the Government and his part in saving the Union are not to be judged by the battles he fought or the marches he made. He was one of Mr. Lincoln's most valued advisers; never getting "above his business," as some others did who possessed not the measure of his ability. In New York, as a Democrat, he fairly offset Gov. Seymour, who led the "Peace-at-any-price party." In 1872 he was the Republican candidate for Governor and elected, having subsequently been appointed Minister to France by Mr. Lincoln.

Gen. Dix belonged to the class of men who had all their lives been Democrats, and rendered great service in supporting Mr. Lincoln in putting down the rebellion, and had his full confidence. These services, though not conspicuous in the field, were great in creating and maintaining to the last the loyal sentiment that led to victory. In this sense John A. Dix deserves to be included among the Union heroes of the war.

While commanding at Fortress Monroe Gen. Dix rendered timely and valuable service in the exchange of prisoners of war, especially in obtaining the release of Union soldiers from rebel prisons. I frequently went up the James River, as I had gone to Norfolk before the surrender of that place, to meet flags of truce from the rebel side. The scenes of one of these meetings I recall with peculiar vividness. The rebel boat contained an unusual number of Union officers and men whose release had been effected by exchange. They were as ragged and every way sorry lot of fellows as one 4. Crane flies, 5. An ear stone, 6. One who rewould ever expect to see, and yet a happier lot of good fellows it would be impossible to describe. A number of Union men were on our boat to meet them, and, although as a general thing there had been no previous acquaintance, they all knew each other at sight, and heartier handshaking there probably never was than that which took place when the released men came upon our boat. Not once but twice and thrice did we shake hands around. Stories of the life of imprisonment flew thick and fast. We cheered the flag, and the canteen which was discovered in the party went as far as a single canteen under such circumstances could be expected to go. Then someone of the prisoners, a pale, worn young man, whose thoughts were not fully expressed in cheers, upon a design for the souvenir half-dollar, the old song "Home again." It took them all, head of Columbus, recently published in a and they joined in, or tried to do so, but they Spanish newspaper, and used by that Governstuck fast with the opening words, "Home again," and after repeating them even more times than the song called for they all broke best portrait of the eminent discoverer. The down and went to crying like children. Crying for the moment expressed more truly than singing the feelings in which all shared. Besides, all could cry-couldn't help it, in factwhereas few only could sing. At the instant when this sort of thing was at its hight, was even distressing, someone struck up "We'll rally 'round the flag, boys!" Everyone knew that song, and it was sung through to the end, chorus and all. And then the band struck up "Yankee Doodle," followed by "Hail Columbia!" and there was no more crying after that.
